

You are a world-class SEO strategist, content marketer, local SEO specialist, and digital growth consultant with experience ranking event-planning companies nationally.

Your task is to create a complete SEO strategy for my business:

Business Name: Enkutatash Events Website: enkutatashevents.com Industry: Event Planning and Event Management Location: Ethiopia Coverage Area: All regions and major cities of Ethiopia Goal: Become the #1 event planning and event management company in Ethiopia on Google.

I want a professional SEO deliverable comparable to what a top SEO agency would provide.

Please perform the following tasks:

1. BUSINESS ANALYSIS

2. Analyze the event planning industry in Ethiopia.

3. Identify the most profitable service categories.

4. Identify high-converting customer segments.

5. Identify opportunities where competitors are weak.

6. KEYWORD RESEARCH Generate a comprehensive keyword database organized by:

7. Primary keywords

8. Secondary keywords

9. Long-tail keywords

10. Commercial intent keywords

11. Informational keywords

12. Local SEO keywords

13. Brand keywords

Cover:

- Weddings
- Corporate events
- Conferences
- Seminars
- Product launches
- Graduation ceremonies
- Birthday parties
- Engagement events
- Baby showers
- Event decoration
- Stage decoration

- Venue styling
- Entertainment services
- Event equipment rental
- LOCATION SEO STRATEGY

Generate keyword clusters and landing page recommendations for:

- Addis Ababa
- Hawassa
- Adama
- Bahir Dar
- Dire Dawa
- Mekelle
- Gondar
- Jimma
- Bishoftu
- Arba Minch
- Shashamane
- Dessie
- Harar
- Dilla
- Debre Birhan
- Nekemte
- Jigjiga
- Assosa
- Wolaita Sodo

Also include regional SEO opportunities for:

- Oromia
- Amhara
- Sidama
- Tigray
- Somali
- Afar
- Gambella
- Benishangul-Gumuz
- Central Ethiopia
- Southwest Ethiopia
- WEBSITE ARCHITECTURE

Design a complete SEO-optimized website structure including:

- Homepage

- Service pages
- Location pages
- Portfolio pages
- Blog categories
- FAQ sections
- Contact pages

Create recommended URL structures and internal linking strategies.

1. CONTENT STRATEGY

Generate:

- 100 blog post ideas
- 50 service-page topics
- 50 location-page topics
- 50 portfolio-page ideas

For each content type provide:

- Target keyword
- Search intent
- Recommended title
- Meta title
- Meta description
- H1 heading
- Content outline
- ON-PAGE SEO

Provide:

- Homepage SEO title
- Homepage meta description
- Homepage H1
- Homepage H2 structure
- Schema recommendations
- Image SEO recommendations
- Internal linking recommendations
- LOCAL SEO

Develop a Google Business Profile strategy including:

- Categories
- Services

- Review acquisition strategy
- Local citation strategy
- Local backlink strategy
- COMPETITOR ANALYSIS

Identify:

- Top competitors in Ethiopia
- Their strengths
- Their weaknesses
- Opportunities for Enkutatash Events to outperform them
- LINK BUILDING

Provide a 12-month backlink acquisition plan including:

- Local business directories
- Event websites
- Wedding websites
- Tourism websites
- Ethiopian business listings
- Media outreach opportunities
- 12-MONTH SEO ROADMAP

Create a detailed month-by-month action plan covering:

- Technical SEO
- Content creation
- Local SEO
- Link building
- Conversion optimization
- Analytics and reporting

Output the results in a highly professional agency-style report with tables, prioritization, search intent classification, implementation steps, and expected business impact.

Think strategically, prioritize revenue-generating opportunities, and focus on dominating search results throughout Ethiopia rather than only Addis Ababa.
